## ACKNOWLEDGMENT OF COUNTRY

We acknowledge the Whadjuk Nyoongar people, Traditional Owners of the lands and waters where the City of Perth is today and pay our respects to Elders past and present. Nyoongar peoples are the original inhabitants and Traditional Owners of the South West of Western Australia. While Nyoongar is identified as a single language there are variations in both pronunciation and spelling – Noongar, Nyungar, Nyoongar, Nyoongah, Nyungah, Nyugah, Yungar and Noonga. The City of Perth uses 'Nyoongar' which is reflected throughout this document except when specifically referring to an external organisation that utilises alternative spelling.

# KAYA WANJU FROM THE LGBTQIA+ ADVISORY GROUP

*'Hope will never be silent'* - we all have the right to live free from discrimination, violence and stigma - we all deserve to live in a city that embraces and welcomes the many communities that call it home.

The LGBTQIA+ Advisory Group - consisting of fifteen members has worked to embrace the ideals of co-design and co-delivery in order to build consensus through what is a historic community owned partnership.

As the first of its kind within the WA local government sector, it is truly a model for all.

While it was never an accident that forming a group from such diverse fields would produce such a powerful and heartfelt response - it's rightfully one that no one should be scared of or nervous about.

We are indeed a passionate community, with many hopes and dreams. But they are ones of diversity, ones of inclusion and ultimately one of equality - ideals that can and do resonate far beyond.

We should all be proud that the City of Perth has embraced a genuine model of engagement to give action to these values in both statement, commitment and, most importantly, deliverable outcomes.

The City of Perth's LGBTQIA+ Plan is a living document with recommendations embedded within the hopes of our entire community for meaningful progress.

Its legacy should be a signal that these community relationships, and the goodwill that follows, can lead to enduring change.

We would like to acknowledge the work and commitment of all the individuals across many networks whose goodwill and faith has been instrumental in the delivery of this comprehensive plan, including the City of Perth staff and our own community members.

In the spirit of further community building, we look forward to the City of Perth embarking on a new chapter that embraces inclusion.

By doing so, Perth as the 'city of lights' is surely destined to be a place that shines brightly with the flame of equality and that of hope made real through the voices of many.

# INTRODUCTION

All people have an equal right to live free from violence, discrimination and stigma. Despite making headway in the last 20 years, the LGBTQIA+ community in Australia still faces a level of discrimination that sees people unable to access the same rights and dignity afforded to the broader community.

As a marginalised group, the LGBTQIA+ community is frequently under-represented, including in government. With an estimated 3,400 residents and 22,000 daily visitors who identify as having a diverse sexual orientation, sex or gender identity, this community represents a significant part of the City of Perth fabric.

The City has an opportunity, both as a local government representing a diverse population and as a Capital City, to support the LGBTQIA+ community as well as actively advocate with and for them. We can play a role in furthering social justice, celebrating diversity and promoting inclusion.

The City of Perth's LGBTQIA+ Plan (the plan) represents an intentional and enthusiastic starting point in the journey towards improving the safety, visibility, social inclusion, health and wellbeing of the LGBTQIA+ community in the city.

Developed with input from the community across 523 engagements and in close collaboration with the City's LGBTQIA+ Advisory Group, this three-year plan includes actions in seven areas:

- Safety;
- Education;
- Homelessness;
- Healthcare;
- Organisational Capability;
- Welcoming and Accessible Services; and
- Visibility.

This plan contributes towards the City's strategic pillars:

The City is committed, through this plan and the iterations that follow, to ongoing consultation, collaboration and action with and for the LGBTQIA+ community who visit, live and work in Perth.

# STRATEGIC CONTEXT

## EQUITY, DIVERSITY AND INCLUSION FRAMEWORK

In July 2021, the City of Perth developed an Equity, Diversity and Inclusion Framework. The framework provides an overarching set of principles to guide all aspects of the organisation to ensure social justice is at the core of everything we do. The framework is underpinned by existing and future plans, including this LGBTQIA+ plan.

The LGBTQIA+ Plan actively delivers on the five principles of the framework. The existence of this plan addresses barriers to equitable participation (4) and actively embraces and celebrates the diversity of the LGBTQIA+ community (1). It was developed following community consultation (2) that will continue throughout its implementation. Through this consultation, the community identified additional principles specific to this plan (pg 25) and intersectionality (3) and leadership (5) were considered of such high importance they are also captured there.

## EQUITY, DIVERSITY AND INCLUSION FRAMEWORK

**PRINCIPLE 1** Actively embrace & celebrate diversity

**PRINCIPLE 2** Engage in meaningful community consultation

**PRINCIPLE 3** Address intersectionality

**PRINCIPLE 4** Foster fair & equitable participation

**PRINCIPLE 5** Model strong leadership & representation

## WHERE ARE WE NOW?

The City of Perth has a rich history as the home of events and venues that celebrate LGBTQIA+ social life including most notably:

- Pride WA's Pride Parade
- Perth Festival
- Fringe Festival
- Connections Nightclub
- The Court

The City has been a supporter of Pride Parade since 1999, more recently also lighting up Council House in rainbow colours and flying the Pride flag in recognition of Pride Month.

In addition, the City of Perth Library has a collection of LGBTQIA+ labelled books throughout the facility and curates displays to celebrate Pride Month.

The City of Perth is on a journey of acknowledging, supporting and addressing the rights of the LGBTQIA+ community and it is through this plan that significant progress will be made.

The Internal LGBTQIA+ Working Group consists of 20 City of Perth staff members across the organisation. The Group's purpose is to assist with the development and implementation of the plan, to champion the project and to set an example as LGBTQIA+ allies.

# LGBTQIA+ ADVISORY GROUP

The City of Perth's LGBTQIA+ Advisory Group, which was formed in February 2021, includes 15 members representing a broad-cross section of the LGBTQIA+ community and bringing intersectional expertise from the perspectives of older people, youth, homelessness, Aboriginal and Torres Strait Islander people, culturally and linguistically diverse and disability sectors.

# OUR ROLE

The City of Perth Act 2016 defines the responsibility the City has in representing the broader Perth area and the State of Western Australia on both a national and international level.

Through this plan, we undertake multiple roles:

## FACILITATOR

We facilitate others to deliver services and programs to the community.

## SERVICE PROVIDER

We play a lead role in delivering services and programs directly to the community.

## PARTNER

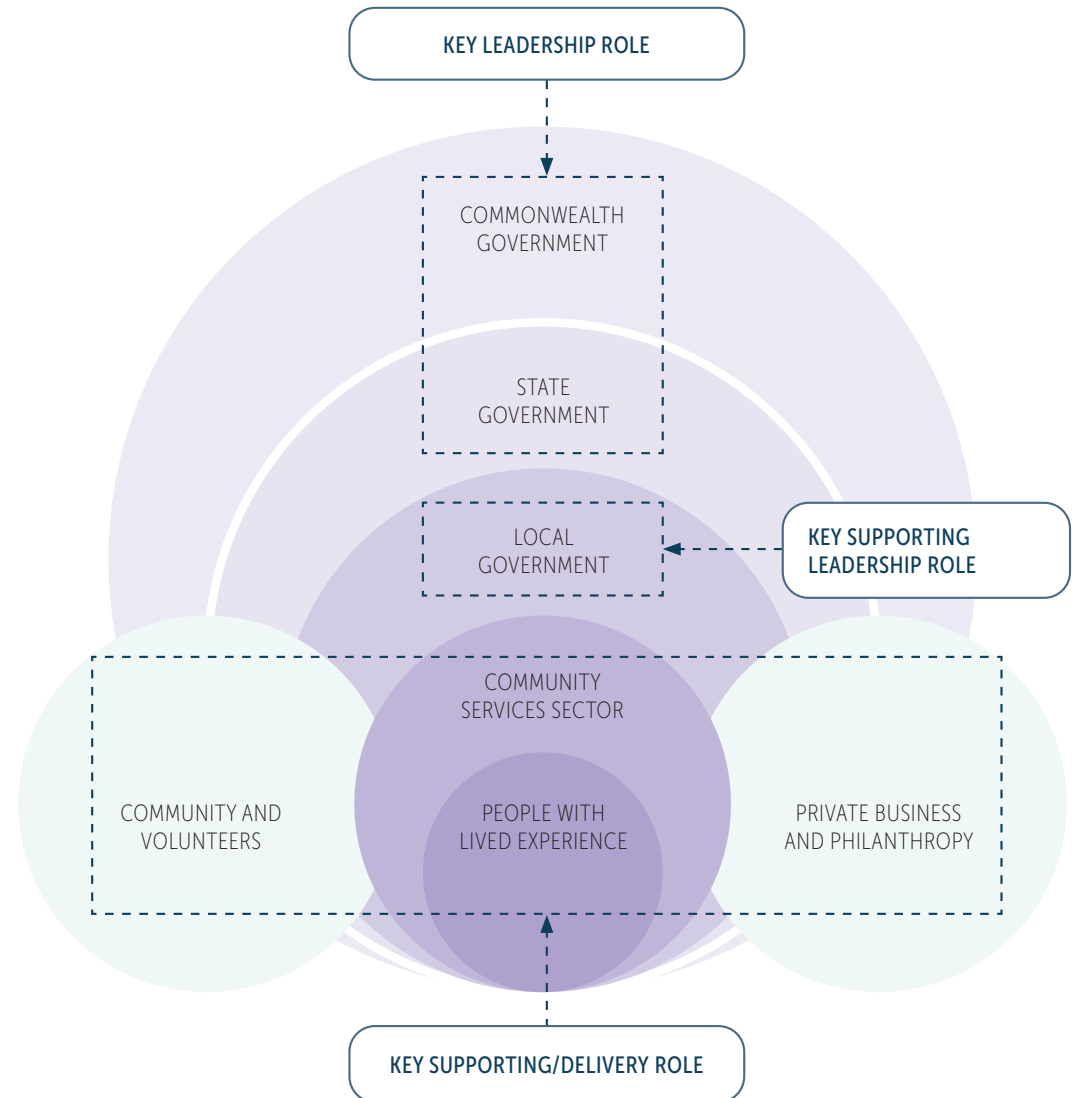

We build partnerships with others to assist in the delivery of services and programs to the community.

Page 44 outlines the positions the community have identified as priorities and addresses the City's role of:

## ADVOCATE

We advocate on behalf of the community to influence the delivery of services and programs to meet the needs of the community.

# GUIDING PRINCIPLES

## RECOGNISING INTERSECTIONALITY

Intersectionality recognises that people with layered identities can experience compounding discrimination. The experiences of LGBTQIA+ people who are also BIPOC (Black, Indigenous and People of Colour), living with a disability, seniors or youth can be markedly different to that of the general LGBTQIA+ population and of course the wider population.

The actions in this plan need to address intersections in the LGBTQIA+ experience and speak to other plans designed to foster equity, such as the Access and Inclusion Plan and the Reconciliation Action Plan.

## CREATING SAFE SPACES

Celebration and visibility are valuable to the LGBTQIA+ community however, they have indicated that there are important systemic improvements that also need to happen to make Perth a safer place for them. This plan focuses on increasing safety through action.

## DELIVERING THROUGH CO-DESIGN

The community would like to see LGBTQIA+ organisations be supported to a greater degree and see the role and responsibility of the City of Perth in assisting with capacity building and facilitating growth and development in these organisations.

## CAPITAL CITY LEADERSHIP

The City of Perth, as a Capital City, can demonstrate strong leadership to encourage other local governments to act so that the positive steps the City is taking are demonstrated across the broader metropolitan area. The community is seeking increased collaboration between local and state government, with the City of Perth leading best practice and providing strong advocacy in the appropriate areas.

# 1

## ACTION AREA: SAFETY

These actions work to ensure LGBTQIA+ people, and the wider community, feel safe living, visiting, studying and working in the City of Perth. We strive for physical and mental safety both in the public realm and online. A feeling of safety is crucial to allowing people to be themselves, fostering belonging and creating an environment where people can thrive.

# GLOSSARY

Language is constantly evolving and frequently contested. The below definitions are not definitive nor is it an exhaustive list of terms. The City of Perth supports the right of people to identify their sexual orientation, gender identity or intersex status as they choose.

## **ALLY**

An ally is a friend and active supporter of the LGBTQIA+ community. Someone outside of the community can be an ally and members within the community can be allies to each other.

## **ASEXUAL**

A sexual orientation where a person experiences little to no sexual attraction, although can experience romantic attraction.

## **BISEXUAL**

Someone of any gender who is sexually, emotionally or romantically attracted to people from more than one gender. Some people of this description prefer the terms 'queer' or 'pansexual'.

## **CISGENDER**

People whose internal gender identity matches the sex they were assigned at birth. Cisnormative is the assumption that everyone is cisgendered and erases the existence of transgender and gender diverse people.

## **GAY**

Typically, someone who self-identifies as a man and is primarily sexually, emotionally or romantically attracted to other people who identify as men. Some men use other terms to describe their attractions and people of other genders also choose to use this term.

## **GENDER AFFIRMATION / SEX AFFIRMATION / TRANSITION**

The process a trans or gender diverse person may undertake to live as their defined gender identity. It involves socially, physically and/or legally changing their gender and/or sex. It could include changing names, using different pronouns, presenting differently through clothing or hairstyles etc. But it may also involve physically changing one's body through hormonal therapies, surgeries or cosmetic procedures and/or changing the legal sex markers on official documents like birth certificates, passports and licenses.

## **GENDER IDENTITY**

A term to describes someone's own understanding of who they are (e.g., woman, genderqueer, man, no gender, etc.), as distinct from their physical characteristics<sup>1</sup>.

## **GENDER QUEER / NON-BINARY**

Terms used to describe a gender identity that doesn't conform to the traditional male-female gender binary. This can include people who are gender fluid, identify as more than one gender, identify as being without a gender (agender), or something else entirely.

## **HETERONORMATIVE**

The world view that promotes heterosexual relationships as the normal or preferred sexual orientation and is the main cause of discrimination for people with different sexual orientations.

## **HOMOPHOBIA / BIPHOBIA**

Negative beliefs, prejudices and stereotypes about people who are not heterosexual.

## INTERSEX

An umbrella term for people with physical characteristics that are seen as different from modern medical norms about 'female' and 'male' bodies. There are a variety of different intersex variations and intersex physical characteristics do not reliably determine someone's gender identity or sexual orientation<sup>1</sup>.

## LESBIAN

Someone who self-identifies as a woman and is primarily sexually, emotionally or romantically attracted to other people who identify as women. Some women use other terms to describe their attractions.

## PANSEXUAL

Someone whose sexual, emotional or romantic attraction is not defined by gender.

## PRONOUNS

Pronouns are words used to refer to a person. They include gendered pronouns like he/him and she/her, or gender-neutral pronouns which are sometimes used by gender diverse and non-binary people, like they/them.

## QUEER

'Queer' has been used as a slur in the past but has since been reclaimed by a portion of the LGBTQIA+ community. It is an umbrella term encompassing a wide range of identities and is often used by people wishing to indicate that their sex, gender and/or sexuality sits outside of the normal ideas of sex, gender and/or sexuality.

## SEX CHARACTERISTICS

These are biological and physiological characteristics that includes chromosomal configuration, hormonal profile, reproductive organs and secondary sex characteristics such as breasts, body hair and voice<sup>2</sup>.

## SEXUAL ORIENTATION

The terms used to describe an individual's sexual, emotional and/or romantic attraction to another person. Someone can identify with a sexual orientation/sexuality regardless of their sexual or romantic experiences.

## TRANSGENDER & GENDER DIVERSE

People whose gender identity is not typically associated with their assigned sex at birth. Transgender people may or may not take steps to live as their affirmed gender through dress, legal status and/or medical treatment and surgery. Trans people have the same range of sexual identities as anyone else and their sexuality is related to their gender identity, not their sex assigned at birth.

A variety of terms may be used by transgender people to describe themselves including: man, woman, transwoman, transman, trans masculine, trans feminine, trans or non-binary. The terms 'sistergirls' and 'brotherboys' are sometimes used in Aboriginal and Torres Strait Islander communities to refer to transgender people.

## TRANSPHOBIA

Negative beliefs, prejudices and stereotypes about people who are transgender or gender diverse.

+

A symbol that represents everything on the spectrum of sexuality and gender that isn't otherwise captured.
